**A TUNNEL FOR ROCK CREEK.**

Directing the Course of the Water From Its Present Bed.

A petition has been sent to the commissioners by the residents of Georgetown and this city asking them to construct a tunnel from Lyon's mill, to run in a southeasterly direction to O street, diverting the course of Rock creek and leaving dry its bed for a distance of 3,000 feet, and allow the streets to be extended across the chasm by embankments. The petition says that an additional bridge is necessary, but the cost would be enormous, and by tunneling the bed of the river could be reclaimed and earth taken from the embankments could be had to fill in the chasm, so as to open up connecting streets and avenues. The reclaimed land would, it is estimated, reach between 300,000 and 500,000 square feet of ground. The value of this ground would equal the cost of the work. The petition is signed by the wealthiest residents of the northwestern section of the city and Georgetown.

A LEADING New York physician says that three-fourths of the deaths during this trying weather are due to diseases of the lungs. Take warning, and secure at once a bottle of Dr. Bull's Cough Syrup, a sure cure for all lung troubles.

Parents will find it to their interest to visit us when in need of children's shoes and slippers. Never before have been able to offer such an elegant class of these goods at such low prices.

Children's genuine kid opera slippers, 50 cents.
